

## G3 Growers & GWAH Summer Open Day

Thanks to everyone who came along and made a huge success of the G3 Grower's and GWAH Summer Open Day at the Back Garden on 08/08/17. The sun shone, bringing together over 80 members of our local community including Somerset Nursery, The Simon Community and local councillor Christy Means.

This year's theme was 'Love our Ladybirds' featuring giveaways from **The Central Scotland Green Network Trust** with information on how to improve gardens for Scotland's variety of ladybird.

Attendees also enjoyed painting their own produce markers, potting herbs to take home, free massage and giant bubble making.

Winner of the wackiest planter competition went to Somerset Nursery.

Winner of the Wackiest Plant Contest!

Most importantly, The G3 Growers gained new members to volunteer at The Back Garden who are vital in maintaining this beautiful community space.

If you would like to volunteer with the G3 Growers or for more information about the Back Garden Project please contact [G3growers@gmail.com](mailto:G3growers@gmail.com)
